

THE ASSOCIATION OF BLACK PSYCHOLOGISTS 2019 SAGE STUDENT RESEARCH AWARD

Outstanding scholarship is essential to the mission of The Association of Black Psychologists (ABPsi). Accordingly, the Student Research Award annually recognizes outstanding research conducted by a student. An independent committee will evaluate all submissions and select one student to receive \$750 for the most outstanding student award. SAGE has also agreed to cover the travel expenses for the awardee to attend and possibly present at the convention in Orlando, Florida at the Annual ABPsi Convention (July 24-28).

Evaluation criteria will include:

- Relevance of the research to the psychological experience of African-descent populations;
- Soundness of the submission's theoretical/conceptual framework and methodology;
- Potential of the research to inform and improve policy-making;
- Extent to which the research represents an innovative perspective; and
- Likelihood of being published.

Students submitting papers must be the first author but can have co-authors. Multiple submissions are not allowed. Manuscripts (including tables, figures, and references) cannot exceed 35 double-spaced pages. Only electronic submissions will be considered. Both unpublished manuscripts and manuscripts published in the past 12 months are eligible. Unpublished papers should follow the guidelines for authors outlined in the Journal of Black Psychology. However, already published manuscripts are not required to conform to the guidelines of the Journal of Black Psychology.

DEADLINE: All submissions must be received by May 26, 2019.

PLEASE SEND SUBMISSIONS ELECTRONICALLY to Dr Kathy Burlew at Kathy.burlew@uc.edu
