**The Honorable Marcus Mosiah Garvey (August 17, 1887 – June 10 1940)**

Though all in this world may not know of them we, Africans, are blessed to have many who have walked among us focused on the liberation of African people. Yet, there were few as dedicated and accomplished in their mission as activist Honorable Marcus Mosiah Garvey. The work begun and developed by him continues to reverberate through our hearts and our communities. It is time to pick up the banner and reclaim the movement to empower our communities and nations worldwide. In his words lies the solution to our destiny.

*"There shall be no solution to this race problem until you, yourselves, strike the blow for liberty. "*

*"With confidence you have won before you have started"*

*"Liberate the minds of men and ultimately you will liberate the bodies of men. "*

*"Emancipate yourselves from mental slavery, none but ourselves can free our minds!"*

*"Men who are in earnest are not afraid of consequences."*

*"God and Nature first made us what we are, and then out of our own created genius we make ourselves what we want to be. Follow always that great law. Let the sky and God be our limit and Eternity our measurement."*

***"Up you mighty race accomplish what you will"***
