

DONATE TODAY TO ABPsi!

We need your support to help ensure the financial health of The Association of Black Psychologists(ABPsi)! Because of changing budgetary and fiscal climates, we are more in need of contributions today than in past years.

This year, we seek funds to strengthen our operational infrastructure to increase staff and resources to provide more programs and services that will benefit our members and the community.

Your tax-deductible gifts are urgently needed and sincerely appreciated. The Presidents' Council asks that you match their recommended gift of \$1,000.00, although any amount is very much appreciated.
